

Seeking Research Volunteers

CONSIDER BRAIN DONATION AT THE END OF LIFE

Who can participate?

- Military Veterans who have sustained a traumatic brain injury (TBI)
OR
- Experienced substantial repeated head impacts (RHI)
- Participants must be willing to consider brain donation at end of life

Why Participate?

- We want to learn what helps people recover well and what may make it harder.
- Research today will inform future care and outcomes for Veterans recovering from head injuries.

Where?

In-person visits take place at the University of Washington Medical Center in Seattle

What will participants be asked to do?

- Brief set of cognitive tests
- Interview and questionnaires
- Blood draw
- MRI scan

Compensation?

- In-person: \$100 OR Telephone: \$25
- Travel reimbursement
- Lunch voucher
- A copy of the completed MRI scan
